

High River,  
Alberta.  
Aug. 5, 1908

Well, I am at the end of  
my travel on the railroad.  
There are heaps of places  
to work in harvest fields  
but I believe I will go  
& work at the Heacox's.  
I have seen the Rocky  
Mountains off in the  
distance. I wish I could  
go on west out to the  
coast. If I can earn enough  
money I may go. I have  
seen all kinds of Indians  
and queer country. I never  
knew there was so much  
wasteland anywhere. Please  
write to me, Selden.
