

would make my class recitations
better & easier for me. I want to
study economics & social conditions
or something. I don't know exactly
what the courses would be & I don't
know exactly what courses would
help me the most. I want to study
things that will be of use to me,
not subjects that I will forget as
soon as school is over. I don't
know yet what sort of business
or profession ~~that~~ I am best
suited for or could best suit myself
for, and I want your advice to
tell me what to read & study to find
out. I am very anxious to finish
my college course but I don't want
to study any subjects that won't

Dear Mary:-

I suppose you are terribly
busy now with all your new
classes and students, aren't you?
Do you think you could help me
a little with advice? I want
to know what to study or read
this winter that will be of the
most practical help to me. I would
like to put in one semester in
Berlin next fall if I can get
enough money to do it by that time
and I want to read or study
something this winter that

3.
be of any benefit to me. I don't know whether Oberlin is the school that I need to go to or not. I think about one year at Oberlin would give me all that I need or care for that they teach there. But I don't know what other colleges have that I need either. Can you give me some suggestions as to what I might want? I know that is hard to do, but you surely have more ideas about it than I have, because I haven't any!

I don't know as yet what I shall do this winter, but in all probability there will be a couple of months that I might spend reading up ~~on~~ some important subjects or studying something to good advantage. Do you think it would pay me to take a correspondence course in anything? If so, what?

I guess this will be a hard letter for you to answer, won't it?

I must get ready now & go to the post office Willie went away to town with all the horses Monday & won't be back until next Monday so I will have to walk the eight miles!

Please write to me as soon as you can and as often as you can.

Your most loving brother
"Curly"
