

My dear Curlews!
I read anxiously
your letter. It
is good to have you so happy
and young in so happy a
land? I hope you ever
come to see me during
the vacation. I wish to
see you, who is now all eyes
on operations as I am in
concerning the patients of this
month to deal with us. They
for the vacation you know

we have invited Mary, her
husband & Katie. It did
not seem well to that he
could have a room with us
and accommodate him but
my dear friend. However in a
few days we can have some
more in the very comfortable
dormitory during the vacation. And
I wish you to hope you can
visit with us by the way
the time. He has spoken
of it several times.
As to the pictures I
would be very glad if you
could send us some pictures
of the pictures of the
room the year what we want.

Could you send what you have al-
ready printed? How are you
want to make some Christmas presents
with the pictures and as we are in
some what of a hurry.
I'm glad you can do some thing in
the Christmas line. I think everything
like that counts.
Are you all well at home? Do
wonder how?
You don't have upoun. I hope
know do you? Well, I must
go. We brought some more
matters for me to look before
the first of the year and if we are
going to do it we've have to do
the picture - now, anything the
pictures at the Christmas market in
London. They are as no
and the English words. They had
and more. I had a "Museum"
thing from the. I don't want you
the fact?

Love
Cecilia
