middle of April, and I  
didn't produce for after  
that. I believe that are  
going to pay \$1,000 this year,  
but that about as much as  
most schools. In Calgary  
the minimum for the public  
school teachers is \$1,200.  
They have been trying to  
get that for the whole  
province, but it will  
mean that a lot of  
schools in the drought  
areas will have to close  
if they do.

Have a few small  
separately notes. I want  
the post-man to take this.

Dear Mother -

I think Will said  
that he had written  
you that we have just  
had the flu. I was  
sick only a few days, but  
Selden had a relapse  
and was very sick for  
two or three days. I was  
going to write you  
several times, but decided  
to wait until he was

Evening and crocheting  
the last week, but when  
taken all the way, for  
he says they wouldn't  
have been finished if  
he hadn't been here!

No. I don't think I shall  
be teaching again, at least  
I promised that I would  
so hope for a while in  
the spring if they were  
interested to send me  
another teacher. It  
would be only for a  
month at most. I don't

better, and I could give  
you better news. He was  
astonished yesterday for  
the first time, and of  
course was up all night  
worrying in the knee, but  
it certainly was good to  
have him about again.  
Your letter came  
while we were both  
in bed, and feeling  
the way we were just
