

Studio 38 Pine Ave.
Long Beach, Cal.

Feb. 4th 1923.

Dear Mother

I made a copy of one of
the pictures I took of you in Okla
last winter & have finished up
some from it, & will mail to you
this week as your Valentine.
The negatives may be in the freight
& it has not reached us yet. In
fact I intend to go to Los Angeles
tomorrow to the Customs Office
for the purpose of releasing it. I
hope you like the photos & enjoy
sending them to a dozen of your friends
and relatives. If you want more I
would enjoy making them. It
gave me a great deal of pleasure making

these & I enjoy looking at you
sitting at the table, we have
a framed enlargement of you
hanging now in our reception
room.

Thanks for the Berlin News
with the wanted news of Mr.
A. G. Ewing's wife leaving for
Long Beach. Maybe we see him
but this is such a large city that
unless one of us has the address
of the other it makes a point of
looking him up we will probably
not meet. If you can get his
address we would be glad to call
on him. It would be nice if
you would write to any or all of
your friends near here & give

them our address so that
they could call on us. It is
very easy to find our Studio.

It is the Red Brick building
on Pine Avenue corner of First
Street. The Long Beach National
Bank is on the ground floor &
The California College of Commerce
is on the third floor. We are
at the far end of the hall on
the second floor, room 212.

Wish you were enjoying the
lovely weather here too,
Love Selden.
