Dear Madam: —

While enjoying your hospitality last fall, I remember of your speaking somewhat of your life in Turkey. Very soon the Woman's Missionary Society of our church expects to take up the study of this country and I have been asked to write a paper on "The Greeks

In Turkey." My information
on this subject is very limited
and I do not know exactly
where to find items in regard
to it. Knowing how busy you
are I hesitate to trespass on
your time in the least, but if
you could give me a few notes
for the good of the cause or even
tell me where to find something
on the subject, it will be greatly
appreciated. There is a little
over a month before we take
up this country, so you can
take your own time.

Kindly remember me to
all of your children and
especially to Selden.

Yours truly

Lulu L. Dick
