Scranton, Pa.

Dear Mrs. Bidlee.

We have often wondered when thinking about you if you were present at the Missionary Union at Clifton this year.

We tried but did not succeed in going, & were very sorry to lose that opportunity or miss that privilege hoping also that we might meet you there.

Miss Riggs is now in our Girls Home at Camb. Gap, Pa. & is very much liked & is a valuable acquisition to the Home.

Do you know whether Miss
Carroll of whom you
wrote is still at liberty to
make a change & could
you give us her address.

We thank you very much
for your kindly interest & for
sending us such a lovely
character & hope that she may
be a permanent helper.

Mrs. A. joins in warmest
greetings with much love

Cordially Yours
For His pleasure

Dear Mrs. Belden:-

At last we have had an N.P. meeting, and by dint of having a special speaker and doing some telephoning we had an audience of 24. We held an adjourned meeting afterwards to do business to which only 8 staid, the others not being members of our union.

We appointed a committee to see to the social part of the County Convention, and Mrs. Carter wondered why either she or I had not heard from you something about your plans. I agreed to write to Cleveland to see what speakers we could have from there and when, also to Elyria to have some one ready to report the settlement work there, and lastly to my sister Helen to see if she could tell us about

the Sorain Settlement. Please let us hear
from you what date for a convention would
suit you and whether you want us to
go ahead and plan all the program
or whether you will be back in time to
do some yourself.

Sincerely yours,

Etta M. Wright
