Dear Bro Belden

Your note
enclosing postal order is just
received. I trust you had a
good time at Bristol and
that good was done. I am
coming to realize more each
day that we are all in God's
hands and he will send
each one of us wherever
is best. As I wrote you
things here have opened
out as I never could expect

they would strong resolutions
from both Session and joint
Comm. of Session & Trustees
Commending and encouraging
the work at the Chapel
increase of Salary promised
after Easter &c &c all of
which is very delightful
but all of which but serves
the more clearly to indicate
to me that this is the
year for me to go out
with flying colors &
Thank you very much for
the opportunity to preach
at B In all human

probability nothing will come
of it further than the pleasure
of preaching an earnest sermon
to a cultivated people and
that opportunity of both had
and enjoyed Whether it was
the great pleasure I had on
my first visit there that
attracted me so strongly
there and made me anxious
for an opportunity to be
heard I do not know
but there was something
and while financially
my position this year
and the outlook for the

years to come would be much
better here than there yet
if the Lord so Willed I would
be glad to exchange the one
for the other with all its
discouragements but from
the picture of the people so
kindly and yet clearly drawn
by Mrs B I have practically
dismissed such an expectation
from my mind

I shall be glad to see you
when you come to the city

I take the liberty of sending in
your care a look for your kind
Elder Page. He asked me to get
him a look of the character and
Locke is the less I know of a moderate
sum. If he will accept it for some
I shall be glad if he inserts an obituary
of said 50 cts for the Faithful Friends
of the Cause of the Poor
