Rev. W. H. Belden,
Bridgton, N. J.,

My Very Dear Sir,

I regret exceedingly that your sympathies have been enlisted in so bad a cause. I should like certainly to do any favor I could afford in behalf of my good Presbyterian minister of Bridgton; out from the standpoint of the politicians of Bridgton and those who have run republicanism in that section, it seems almost unbearable that Mr. Lanning should continue in that office. There is a constant pressure of citizens of that community, that he should be removed for cause. It is not a matter that has yet been undertaken but if change must come, as now seems quite probable, I assure you that I will use my best endeavor to see that you have a good Postmaster appointed in his place, and under whose administration you shall receive not disadvantage but benefit.

Thanking you for your kind letter, I remain

Yours Truly,

C. A. Bergen
