

PASTOR'S STUDY.  
SECOND PRESBYTERIAN CHURCH.  
ELIZABETH, N. J.

August 11th 1887

My dear Bro Belden;

In the division of the work between Dr Teal and myself - the publishing of N S M articles was left in my care. In reply to your note recently received, I can say that an article was sent to every paper in our Presbytery, in the care of the Presbyterian Minister of the place where said papers were published, with the exception of Dutch Reformed Somerville where we have no minister. Great effort was made to have these articles appear as nearly as possible at the same time. After writing and driving about a good deal "by way of reminder" - I departed ~~for~~ my vacation to find upon my return articles published in ten of our papers with about a half dozen more to be heard from. You may have the file now if you wish or I will send it on after trying a little longer to make it perfect. Dr Teal must have raised by this time our full share of the \$500.

Respectly

E. B. Cobb
