Dear Bro. Belden

In reply to y'rs of 5th, am glad to say that Capt. Kingsbury is still here, seems to be busy and prospering, and I know or suspect no reason why you sh'd not do y'r business thro. him as heretofore. He is a man whom I greatly esteem.

Am sorry there sh'd be any good reason for your proposed change of location, but sh'd be glad if any move should bring you nearer to us. I do not hear that S.F. is yet supplied. They had supply from here on Sept. 30th. I have heard that they were looking to a Buffalo man - at least I so understood Bro. Bates.

Kindest regards to Mrs Belden, and y'rself.

Yours Fraternally,

L. Bodwell
