

Summit A.G. June 5/88

Dear Bro. Bulden:

In reply to Circular
from Sec. Agri. Com on A.S.M.
I answer in substance -

1. Three sessions were held in
Summit at Centre.
2. The attendance was not so
large as we wished although
my effort was made by
invitation to neighboring
churches -
3. Neighboring ministers did
not take part but not here -
4. I do not think there was
any marked increase of
interest during the day.
5. I do not observe any results
particularly attributable
to that day. There is a
growing interest in both
Stone & Fox questions in
this church, but there is

not new nor sudden. &
seems to be the result of
hard work & constant
teaching & not in any
noticeable degree to the
A. S. M.

Being one of the Speakers
for the Centennial I can re-
port that I did the best I
could but I did not find
a very deep interest or a
large attendance at any
place where I was
sent. The best was at
Stybrook N. J.

I should not advise the
repetition of the effort.

Yours Very Truly
Sherborn F. White
