Dear Broo - Belden

I have
been promising you a letter for
some days - but have been so busy
or not be able to fulfil my desire.
I cannot even now ^{write a few} - & send you
this only as a forerunner -

A Postcard from E. M. S. notified
me dated Phil Mch. the informant
of the death of Mrs. L. G. Clarke
(Mrs. J. S. C.) on the previous day -
in Lane - burial took in Phil. on
Mch. 2nd A train sent for Mrs -
Marsh - failed to reach her by our
train so that she could reach Lane -
the day her sister (in law) died -
More Mr. was away on a tour -

so you hear of the departure of one
who for 14 years has suffered —
Rev. E. W. Jenney learning Mrs —
B. describe her sensations - 14 years
ago together - that they were symptoms
of - but Mrs. B. laughed at the
idea then — I will try to get off
a letter by you next week —

As you must have the
addressing pro. please I do
not send that —

but will send below some
that you may not have —

Yours as ever — W. E. Locke —
