Dear Bro Belden Your
letter of Tuesday is at hand
I can go to Oxford at the
time you speak of and
spend one or both nights
as may be desirable

We could devote one
night to Jerusalem and one
to the Holy Land and inter-
spersse the time with other
Views for the young people
which makes the lectures
more popular. Or if we

take but one night we
can use some views of
the Holy City some of
places in the surrounding
County and put in

occasional views simply
for their beauty like
rock gazes a light in
the window for their view
this trying to secure
at the same time profit
and pleasure the
lectures being simply explanatory
of the pictures

The Stereopticon is
very popular here this fall
drawing better than ever

before and I trust it is
now about to take the place
that belongs to it as the
one of the very best instruments
with which to reach the intellect
through the eye

Please let me know
as soon as your arrangements
are made as to time
and place

Glad to hear of
the success of the blessed
work you had the honor
to inaugurate in the Synod
of N.Y.

Truly Yours
Spencer L. Hallier
