Rev. W. H. Belden,

Clifton-Springs, N. Y.,

My dear Brother:

Your letter of yesterday came to hand this morning, and I took it immediately over to Dr. Gracey. His printer and mine have been estimating on the work, and as his printer offers to do the work at a lower figure than mine, he will have it to do, and so Dr. Gracey will have the printing to attend to. The request to send you a proof before printing has also gone to him, and I trust it will not be overlooked. The drawing for the map has probably reached Boston by this time, and the plate should be here in 48 hours, I believe. Shall be disappointed if it is not. If I mistake not, the MSS. you sent has by this time been placed in the hands of the printer, and proofs should not be long in coming, but they may wait for the cuts before sending a proof that you would care to see.

With kind regards,

Yours very sincerely,

F. D. Phinney
