Dear Belden; -  
The sad news comes just now of the death of our  
own dear devoted Dr. J. L. Phillips of India - no particulars  
The S. S. Ancon London must have got it by wire, as they send the  
news - I have just send back the proof to printer of an article  
of Phillips on "The New & Opening Fields of India". and must  
add a note with the sad tidings of the author's death -  
I am writing on dock waiting for Royal Mail to go to Toronto  
to speak on Protestant Missions to 4000 people of all complexions

on Sunday afternoon next. I do not make summer  
engagements, but this seemed such a rare opportunity to say  
something North American we should think about that I  
seemed to see it a duty to use it - -

Love from all to all Ida still ached but before long is  
out. we ~~wish~~ hope she will be toned up enough for some  
river fun.      Yr Gracey

Tracey -
