Dear Mrs. Belden,

Our present plan is to leave here Tuesd. eve. Aug. 27. After some stops we expect to spend Friday night, Aug. 30, at Bellevue. Then go on to Oberlin Sat. morn., Aug. 31, arriving at 8:52. We need to leave Oberlin the same afternoon or evening for Elyria. We can take the trolley at 4 or 5 p. m. and get over there for supper - or if urgency demands,

Please write me number of your house.

Stop in Aberdeen for Tea,  
 & take the 7 oc. car  
 for Elyria, arriving in time  
 for the little ones to get to  
 bed in season.

Instead of holding a formal reception, might it not be as well to notify friends that we shall be at your house from 2 to 4:30 p.m. and invite them to call?

Possibly a notice to that effect might be put in the Aberdeen News, or other paper, if there is one.

Perhaps we could call on old Pres. Fairchild before dinner.

Then we could send special word to particular friends such as Mrs. Brand's family, Prof. Bowworth's, Mrs. Shearill's (in now in Oberlin), Prof. Miskovsky, Profs. King & G. F. Wright, and Currier; also the Albens and ~~their~~ family at Missionary Home. I presume Mrs. Spear & the Currier will be out of town. The others may be. I am writing Prof. Bowworth, & he will tell Mrs. Brand. If you can reach the others named above, shall be thankful.

If above plan is not convenient for you, please

say so freely.

Should any change +  
be caused by necessity, &  
shall try to inform you  
instantly.

Am greatly rushed, and  
may not have time to  
write up "fish story" before  
sailing. If not, will  
try to write it on steamer  
& mail it you from England.

Kind regards to all  
your household.

Hastily & sincerely,  
E. B. Haskell.
