Dear Belden:

I doubt if it will pay you to go to Cleveland - It takes too much time and money. I have to go that way at that time, hence it is easy for me to go -

The Book Bill is now

2 Paton	1.90	3.80	
1 Atlas		1.	
1 Modern Science		1.30	
1 Craft		70	
1 Harneck		1.60	8.40

These are prices to you. I have not got the thing down fine enough to know what I can do for others, or regularly. Send the money when it suits you, not before. The Banks charge 15 to 25 ¢ on all checks not Boston or New York -

I have promised papers from Dr. Martin and Dr. Stevens

I don't believe you ever got any "paper" nor that there is a printer in Connecticut! Move into Boston, or New York! Thanks for the Ladies names. Mrs. Belden is the right sort. Pity she has not made more of you. she has a hard task as my wife has to cultivate me -

You have had but one Paton, until now. I order the second copy to Oswego - So I understand my Bills. If you have ordered more than two, copies which have been delivered, you will know and will report. I have only rec^d bill for one, and I now order Oswego over again -

If you have 100 copies of the Independent - Report I can use them all. But I do want a circular and I want it before I go to Cleveland. I want it every day - I have been following up Baptists hereabouts - yesterday it was Richards of the Congs but he is going back. He says I may be here by June. There are some (yes some with !!) 20 Baptists hereabouts
