

To England. His mother
was very ill - You know
what Mrs. West is. A niece
of Dr. Greenwood's the head
of the C. M. W. White was
over here at the M. C. - and made
several good addresses. I hope to
have the pleasure of seeing
you in June if not before.
Give my love to the children
and believe me

Yours affectionately
James B. Bowley

My dear Mr. Beldou
I have kept Mary's
letter several times
waiting until I would
enclose a few lines but
now I must just ex-
press my continual
sympathy with you
and your dear ones
I trust - both you and
the dear children have

been kept in good health.
We have a great deal
of illness in the city this
winter several schools are
closed because of the in-
fectious diseases that are
so prevalent. The girls have
all been at home from
school with bad colds but
nothing more I am thankful
to say. We had our
annual Presbyterial

Today - it was a very good
meeting - I am making
my Past-letters call just
now. and so I called on Mrs.
West last week. She was
speaking of some friends of
hers. Missionaries from
England. Who were going to
Clifton Spring & would need
a pleasant resting place there
We were wondering - She
may write to you. The
Stephensons are of the

M^{rs} Belden
