My dear Selden

You don't know how pleased I was to receive such a nice letter from you. To know you had not forgotten your old friends - and to hear from you is all

You did not speak about dear Mamma & the girls, but conclude they are well

We are here just the same as when you used to come in

and see me. I do not see
Mrs. Newell very often, but I
think Ned is away to school
Mrs. Newell spent some time
for it took last fall - We
have had very cold weather here
this winter - Do you have any
mills, where you are? Mrs.
Jackson & Mr. Jackson are
well - and wish to be remembered
to you all - I seldom I don't
know just what kind of book
would please you I would have
liked to send you one for
Christmas but did not know
your address - and I am
going to send you this money
to buy you just the kind of
book you like -

Tell your dear Mamma that
I often think of her - has Grandma
been with you at all since you
went west - I seldom see you are
a lovely boy, and I am pleased
that you have not forgotten old
friends - I agree with you
about the next meeting -
there is a great discussion here
about it - I expect some
day you will visit Ceylon
and I shall see you soon
and will hardly know you -
Very best love for you and
Mamma -

Affectingly yours
Mrs. Sidney Jackson
