Dear Selden,

How did school go  
yesterday and Tank  
too? I hope Mary got her

train at Wellington all right.  
If you need more money to  
pay for your books - because  
we don't want any charged  
Mamma says - you can  
sell some of those on the  
stair in our old front hall  
at 28¢. The chemistry is  
worth quite a little. I  
don't remember the other  
books.

Have you developed our  
pictures yet and Adelaidis?

I wish you would send me the ones of us when you get them done and I will pay you for them and for the postage. Please send me one for I can't wait to see them.

If any thing comes up that I should know or that you can't decide without a dvice like letters etc. you could send me a postal.

I hope you are getting on finely in school and outside and as a photographer. Svingly  
Gwendina.

I saw Mamma + Ellen to the  
Nickel Plate depot in Cleveland.  
spent the night with Miss  
Ruetenick at the Central  
Friendly Inn, spent yesterday  
with Miss Kuler in  
Middlefield and drove  
over in the evening with  
Molly Bartholomew to  
Huntsburg. We are going  
driving this morning. It  
is cold here.
