

Randolph, Vermont.

Thursday, June 8, 1893.

Secy W. H. Belden;

Dear Sir;

Just before starting
from Turkey, March 22, I received
circulars in regard to the annual
missionary meeting in Clifton
Springs, and since I had for
some years desired to attend
if ever I had opportunity I
put the papers aside to read
over carefully when I had
more time. But, evidently I

tossed them into my packing
boxes instead of into my trunk,
so that I have been uncertain
about conditions of attendance &
until now that I am visiting
at my uncle's - Dr. D. H. Nutting.
I find the particulars. I had
not thought to remain in the
East so long - having landed
in New York May 22 - but find
it more restful to visit with
friends and relatives along
the way rather than rush off
to Chicago at once.

Doubtless uncle David has
written you something of me,

I am Maria G. Nutting (Miss)
and have worked under the dear
old A. B. C. F. M. for seven years
having gone out in 1886 to
Mardin Turkey, and now
returning by the advice of
our station physician to see
if a season ^{rest} will cure this
continuous
headache brought on by over
work, or perhaps rather by
over-intensity in my work,
these past-years. I have felt
that it would be a rest and
refreshment to me to ~~attend~~
attend the meetings so kindly
provided for at Clifton Springs;

but of course it will be impossible
for me to speak or take any part
in the meetings considering the
state of my brain. And it may
be that I cannot reach there
until the 16th or later, but I
shall endeavor to be present at
least two or three days. I cannot
yet tell by what road I shall
go, and perhaps Uncle will
go with me and make all
arrangements.

Sincerely yours,
Maria G. Nutting.
