

Doobs Ferry
N. Y.

Dear Mr. Belden.

Sometime since I received notice from home that there had come a circular for me from Clifton Springs, and saying it was forwarded to me here. It has never come but I suppose it was a notice of the coming meeting of the International Missionary Union. I am looking forward with

much pleasure to
the privilege of being
present.

I hope your health
has improved. Please
remember me to

Mrs. Belden and the
interesting group of
young people in
your home. The
twins are so grown
up - I find it hard
to believe they really

belong to you!
Excuse this hurried
note, and believe me

Very cordially yours,
Annie E. Ottaway.
