

If the stamped
envelopes printed to
need the cash, you
sh'd get it from
Mudge in advance
and not be out
the money yourself

Rochester, N.Y. Nov 5/92

Dear Selden:

I do not care how you
manage your envelopes or postage.
Of course we do not want to waste money.
But 1500 envelopes 1¢ would certainly
not come amiss, whether we send to for-
lands or not. You must exercise your
judgment about the whole matter & I
promise to swear you did the right thing.

We will want money for Circular
Programs. and postage on them if we
send to the 100 more or less who say they
are coming - It would be well not to
go up to 10th Annual Meeting Bankrupt

at least friction - My did it you tell me the Am of the Boarding Bill you paid, that I might get it "billed" as from X Com. It is in no wise personal. ^{the money}

But if we go cautiously on everything
in the line of 2 of letters or
Envelopes. I think we will not
break. Mudge reports - after he
paid a printing bill at Clifton 17.²⁵
and a Bill just in from you 4.⁹⁵
he has a Bal: of \$72.⁶⁰ which
will be easily consumed if ~~you~~
we do not exercise some
little care. Yet whatever ought
to be done. we can get money
for.

No. - I have no printer. Good quality
paper can be had cheaper in Springfield
than anywhere else - poorer qualities
can be only had in Springfield by being
imported - The Dem & Chronicle
through Coe Pond of course returns
us a good Subscription - Pond would not
see us want personally - Then the Cl Spa.
paper may be considered if you choose to care
for Home Rule McKimley. But I have no choice and
would so promptly where I do get most satisfaction
