The Rev. Dr. J. J. Gracey

Dear Brother, —

If I should bring my outfit to Clifton do you think there would be a probability that there would be any chance for me to show some of my pictures?

It would seem to me not a bad thing for a popular audience some night.

Yours truly  
Wm P. F. Ferguson

Wednesday PM.

I take it for granted that Mrs. Stayer has shown you the list of topics sent in, and the list of names reported as coming up to date - about 150 the largest we have ever had booked at corresponding time - Some will not come - Others will - And we will fill out 140 on roll I think as present during the week -

A. Reeder;

I have committed this entire Illustrated Lecture Rev. to you and so pass this on - Arrange what you think best for Saturday night - Sunday has Siam festival backing Japan you Bulgaria Ferguson Mexico -  
I do not know

when I will get to Clefton Springs - Am trying to do so this week and come back for Sunday here, but I am not quite my own master. Circumstances is Pope -  
Yours faithfully
