

Dear Maumea,

I'm wondering  
what you did about the  
letter from the Texas lawyer,  
maybe you sent it or  
did you?

I'm wondering if Bernie  
couldn't buy me an old  
bed the kind I want. The  
sage men those people  
that live in one room  
have ~~cars~~ carved beds.  
I want so much to  
sent her some money for

herself and also for me  
and hope I can before  
it is too late. I want  
to send her money for  
our wedding present to  
her but money is just  
awfully scarce. <sup>Just</sup>  
every body here is feeling  
the hard times. It is a  
good thing Dr. Barrett  
has gone because there  
is hardly enough work  
to keep us.  
Will is having his

opine painter's mistake went — has  
written it so badly so long that  
do you think he himself is  
remembering the old paper — let  
me. I know but, any way they  
did a little with silver night. They  
think they are going to do it. They  
be five or down paper's coming  
thick.

Well good-bye! from Lady. Better  
advising this letter and have to clear it

It's not our to keep - I would  
like to know what you did  
about that letter - Can't you  
tell Puddie what he wants me?

Ellen.
