

things as most of this  
kind of thing is to our  
family. Of course this  
is a poor little venture  
& not much to be proud  
of & I'm not but I want  
the money & I want to see  
if I can do some thing &  
get a start & starts are  
usually humble. As  
postals if I don't think  
these are bad, do you?

If Mary doesn't like  
to have the poster on the  
town because I did it,  
please don't have it put  
up. Don't think because  
it's made that it has to be  
put up. Really I'm not  
sure I ought to send it.

Lovingly, you

Pennycuik.

I can hardly wait. When will  
you come??

Dear Mamma, -

I'm sending  
you a poster that I made  
for Talbot tree and  
taking it for granted that  
you would just as lief  
ask one of the Jarvis boys  
to take it up. Can you  
give him a suitable  
reward and I'll repay  
you what it is when you  
come. Don't you or Mary  
take it up. And if it  
is not done at all it  
is all right. It took only  
a few minutes to make  
& nothing would be lost.  
I don't want to be a  
bother & especially I do  
not want to ask any  
one to do embarrassing
