My dearest Selden - May 8, 07

My dearest Lintie! -

Your short note came this Am. with blank check. Dr. Hawkins didn't come. I write in time to say that I probably can come home next week Wed. one week from today, and I wish you would plan accordingly - The Dr. tho't I ought not to go as early as Sat. and I said I was afraid no one could come for me Mon. or Tues. on account of the Musical Festival, & he said it would be all the better to wait till Wed. or if nothing happens to prevent I'll be ready

to leave Wed - Suppose
we say after dinner Wed,
the steam car that is
the most convenient
for whoever comes for me.

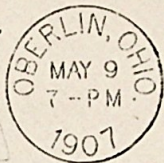

You can tell Mrs. H. -

I now sit up twice a day
in the sun room, was up
a long time this Am. Then
had dinner & rested in bed
napped a few minutes, &
now 2 ³⁰ am just going
to get up again & go on
the piazza in chair -

Miss Rentrick may go to Berlin
for concerts next Mon. Love fully
Your mamma

After 10 days, return to
