

Oberlin, Ohio
Jan. 3, 1906.

Dear Ellen:-

You cannot realize how we miss you here at home! It is just awfully quiet. There is nothing to do but work. I have tried to get some pleasure by going to the depot and watch the students come in. Last night the 7.37 was a half hour late but when it did come it was just packed, & when it left Oberlin it was just about empty. Mrs. Sturges stayed here last night, & is going back this noon.

Did you know that I am getting a collection of picture postals? Everyone time that you receive a postal from me will you send me one? That is the way Jeanne Marie and Adelaide are going to do. I ought to be working now so will say goodbye for the present. Please write to me whenever you get time.

Most affectionately
"Curley."
