

If you find any mistakes I wish you would correct them and tell me. Or if there is ~~any~~ thing I have left out I wish you would notify me. I guess I have a rather round about way of keeping accounts but it is perfectly clear to me. If you don't understand anything please notify me. I have also an account of letters sent and received, and hours worked calls made and books of each binding sold <sup>per wk.</sup> and totals of each.

Sincerely yours for business.

Willie

P. S. - I didn't copy this off on Sunday although I enclose it with my Sunday letter.

Perhaps you had better save this if you should have occasion to refer to it at some future time
