

The Hiram House.

22 November 1910.

Dear Mary,

Tomorrow is your birthday and I hope it may be a very happy one. My, you certainly have made progress in your profession in your short life! I think you are just perfectly fine. Do you want the plates for a birthday present? Perhaps you would like that

pink pillow!

Did you get your hat
trimming or shall I? I
find I have another piece
of black lynx like that
in my hat only not so good.
Probably it would not do.
It is not the muff piece.

I must dress to go down
to Dr. Monson or it will be
too late.

With a great deal of love
and best birthday wishes,
Sincerely, Paul.
