

Dearest Aunt Ellie,

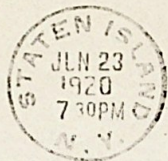

Just a line on this dreadful paper to tell you I've seen the doctor - no operation! Only capsules & douches. Come again in two weeks. Be all right by September.

Chester seems to be out of the question this trip - I'm very sorry but think it really

is better. Please give everybody
just loads of love.

Father seems better than
I thought he could - he is
at the Hunts' too. "Huffy"
is having a gorgeous time.
We expect to go back on
Saturday night.

Here we are at P.O.
Mudlove,
