

Dear Bro. Belden

As it suits Bro. Waines

& is agreeable to yourself, we will  
make an appointment for next-

Monday at 10:30, of which please

notify your elders & trustees. It will

be better to say nothing of any pub-  
lic service. I find I must return

the same day; besides I now

doubt whether it is well to

emphasize the fact of our presence.

If you can conveniently have

we met at Newton at 8:30 it would  
deluge. If it rains, no matter. In  
that event birds wait for the train.

Cordially yrs  
W. A. K.
