

Dear Bro. Belden

The com. was appointed to visit

the church inquire into its state. Our business is then immediately with the church as represented by its officers i. e. the Session.

It has occurred to me, inasmuch as mention has been made of the finances, that it may be well to request your trustees as well as elders to meet us.

There certainly is no intention of holding any congregational meeting for discussion of church matters. As to religious service, I merely meant to ascertain from you if it would be acceptable to you & promise of good.

At most, then, the only notice res-

fecting our business need be the effect - that
"the elders & trustees are requested to meet
at the church such a day show." Even this
will not be necessary if you choose to
give individual notices. - Will let
you know when we are coming. How
would Monday week (May 7) suit? Could
you have me met at Newton on arrival
of train (about 8:30) & brought out to B.?

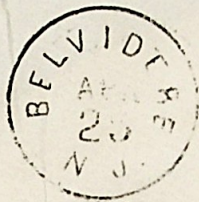

Cordially yours

Am. A. Belliday
