Dear Alice, & all

I have voluminous to
say Edmund just arrived
from two weeks study Quincy
Miss Leavitt left her
money. We went to Gaps
yesterday. I am planning to
send the children to Clifton
within two weeks - Mary,

Hobson Morgan told me you
shot either by herself or husband
the outcome of jealousy - Of
course this letter is only
for private information as
all it is necessary to say
will be the hard fact of death.
When did she die and did she
leave any children?
Mother Brown & looks like
her father and has eight
children. Excuse this hurried
scrawl but I have an ap-
pointment here at home in
a few minutes and want to
send out this note before I
am needed. My health is
better than it was for many
years. though I have been
sick since Jan. and yesterday
