My dear Ellen,

I owe you many thanks
for the *Moravian* in which I
found the Killbuck Story.
It seems you had remembered
the wish I expressed at
your house for an authentic
account of it which I take
our cousins to be.

Nothing has occurred here
since you were with us.

We are having quite a variety
of weather of which the in-
clement kind is the predominant.

I hope you are entirely recovered
from your late sickness & that
you as well as Mary & her
family & Clara & they are well.

With love to you all I am
yours sincerely,
Reuben
