

Rochester Oct 29<sup>th</sup>

Dear Mrs. Belders

I wrote

to Mrs Warner to know if the  
house had been fixed yet, and  
if not to ask you to wait until  
spring, my Brother in law has  
been having his fixed in the  
same way, and he advises me not  
to have it done this fall; in  
fixing his they have broken of  
a part of the plaster in the  
sitting room and it had to be  
plastered over, my wall is very  
poor and it may all fall of, ~~which~~  
~~would~~, would you speak to Mrs

Wonderland about it and  
if he thinks it would fall off and  
you would close this fall,  
have him do it as early as he  
possibly can, and would you  
please ask him if <sup>he</sup> could think  
the roof should be a little steeper  
& suppose he will fix the chimney  
all right, The house needs paint  
ing all over on the west side and  
a new walk, very much and I  
am going to write to the heirs  
and see if they would let me sell  
a lot and use the money to repair  
the house, if I could sell a lot in  
the spring I could ~~fix~~ put  
things in good order, but they  
may not be willing to do it.

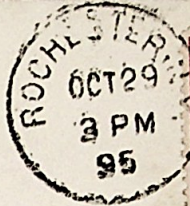

My brother in law says if the  
carpenter takes ~~the~~ it by the job  
every thing he may damage he

must repair at his own expense  
They have repaired his all right.

Very Truly Yours

Lorissa Barrett
