

Monday Am.
19th Aug.

My dear sister. Just a word this to
to set you to thinking. You may
know and may not that I am
hoping to go to Clifton reaching
there probably next Tuesday Aug-
27th leaving New Monday ^{25th} by the
N. York Central. I can't tell you
all the plans now for want of
time. will stop over a day at
Amsterdam - perhaps a day
at Albany to see Miss Hoag -
and we will all be coming home
by N. Y. Central - Now I am going
to write you to come to Oxford
on Erasmus's ticket, and I will pay
you fare home. I would if you
can write to Gen ticket Agent to
ask if Erasmus ticket which comes
from Clifton to Phillipsburg could be

used the other way. Edmund
suggested that you had been
giving these tickets by parties who
were returning another way in
order to make some other visits
and that you had a little boy
here whom you would like to
take to Clifton - of course come
to and stay some Phillipsburg
and I will meet you there.

I would love to keep Willie all
winter if I had a school for him
but as the children will probably
be away at school (Secret)

I will have no foreman.
I think Willie needs me - I
have lots of plans for him
but afraid I can't carry them
out - Don't neglect to go to Post
office you can't tell what
you might hear from train
to train - Make your plan
as to time of coming - Immediately
if you wish -

God bye -

Your loving Sister
Mary -
