My dear Cousins:-

We are having a very hot spell here just now and a great many mosquitoes. We had a severe thunder storm lately which struck, a house back of Sister's, knocked a hole in the roof, and did other damage. She is to move this week to our new house here or rather the property Papa bought here as it is not especially new. You may expect me July. 19 if that will be convenient and you may be sure I am looking forward to that visit with much pleasure. I recently attended the Boy's convention at Flushing. L. D. and will tell you all about

it when I see you.

Love, to all,

E. R. Hudson.

P.S. Please excuse mistakes, writing etc as I am in a hurry,

E. R. H.

P.S. 9. Let me hear from some of you please.
