

I shall appreciate it
very much.

We do want to come
to Swarthmore, again.
Next time, however, we
hope to take more time
and stop in Philadelphia
so that the children
may have a chance to
see all the historical
things there - I'm sure
it will be an inspiration
to them, and a great
help in their history.

I don't know just where

Dearest Aunt Mary:-

Aunt Clara gave me
your note, last night, and
I am hastening to reply
that I do very much want
the rug, have a place for
it, and the colours are
splendid. It is dear
and thoughtful and
generous of you to
want to give me one, and

we can make it, but as soon
as the children have a few days
vacation - they've been out of school
so much this year, and changed
schools, besides - I feel they
ought not miss a day.

Horace has just spent a couple
of weeks at the Mayo Brothers
in Rochester, Minnesota. He is
back home now, in Miami,
we haven't heard all the details,
but nothing very serious seems
to be the matter with him, according
to their diagnosis - He was X-rayed
and examined from head to toe
inside and out, - so he
feels it was a thorough test -

I do hope will see you
soon - Please give our love
to each one of you -

With dearest love for
yourself, always,
Janine Marie
