after all I copied this sheet of business
Dear Lady, may write for the Outlook
Why don't you try for
this - I think you could get
a price. you always know
you try you are such a
quaker as has a water. It
offers to citizens it but you
never seem to meet any
criticism & far be it from
me to think I could
ignore anything you do.
I don't think I'll try for
it - I've been making so
little. Though here are things

from the PT - sees receives writes them
all - if they do not. The classes
are just held by people in the church

to them -
I wonder how your evening is getting

on. You are near the table cloth.

Pat is going to have a birth day party

but she doesn't want any so I'll

be just girl. I want for a birth
knicker suit to Julia (was for a birth)

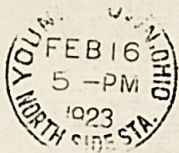

day present - she wants it so much.

Johnnie sends some news & wants you
for her valuation. I would like if she
were here. How long since Remission.

I could say and the article is so short. However as I think you ought to try I'll send it to you.

They are having some classes down at the church Wednesday evening to one of which I planned to go but I've missed the first two so I guess I won't go & I wanted to find some one to go with since now it is too late

for that. There is a summer school classes down a week before classes. It was to me in the 1st year of the evening quarters to go - don't know in June or was there such subject. No, I think has a class on Bible the first hour but I don't want to go down to buy in it just wanted to go to the one class on ornaments - no rat in it was.
