

Manor Road

My dearest Ma,

Your letter ried this morning, while we were at breakfast, & also one from Geo. from Auburn, from that place he expects to go to Ithaca, or by this time has been in Ithaca, & is about leaving.

Your letter was most interesting. I wish I were going to hear Mrs White, with you, tomorrow evening. I am sure she will rouse interest in Afrod. I smile now as I see her mount the pulpit steps in one chunk, & leave Dr. Leggett with mouth agape

still hovering her to the platform it most important to be regular.
believe: she did us all great good. I have wished you were here to
I hope some day she will be here hear all about our annual meeting
again. I am so glad that meeting. Again the women, most
you are so near the church, so of course have begun to say that
even if it is stormy you will they don't think we can afford
to be able to get out. to send a boy this year, & are
I trust you are much better, & going on the same old ground
we have been you enough. The at each year has been raked
fine air, & joys of Statue over & over. - the same old
Island, will no doubt set you & stay - "If we give for a boy
up, at once when you come. & makes our contributions so
Today I start my Mission small to the regular funds", &
Band - the work I love, & she such like talk when really it
only best part will be giving the is almost a "Cum Satis" that
up a regular day to be at the work we do for a family
home. Because half the time it of missionaries, the more we do
will be the very day I want to be of our work for the Board, it
in town, and of course I think really makes one - I mean
less toleration - disgusted & ungrateful

I cannot have a bit of sympathy
with seeing to think we have done
so much, that we can may lie
on our oars, & rest. all this is
a great reason for my desire to
have a Mission Band, it is
a difficult task to teach old folks.
I trust that you will be praying for
me, & my new children daily.
for wisdom & grace. & for the
ability to give to others knowledge
& enthusiasm. I seek it grace
to be well, & to have the time to do
some of this work. & it is just
wonderful to have your servant
working desires, work, & scrubbing
be as much intended as I am
yourself. aiding me, instead of
making it hard. Ask Mrs White
if she don't think if any wealthy
person gave as Ephus does, the
world would be supplied with virtue

My dear Miss Jones.

Ethel supports her own native
Missionary in Haug Church - besides
her \$20.00 to our Missionary Soc.

and her other benevolences -
using more than half her
wages to give directly to the
Lord. I think it is wonderful.

You know it is a secret about
Ethel's Missionary, so you must
not tell it far & wide. She
indeed didn't mean even to
tell me, but I rather begged
her into doing so.

I am perfectly delighted to be
again - with Miss Jones, &
Miss Barr on the Com.

For Speakers this year, indeed
I was so afraid I'd not be
unable to occupy that place

again, that I pretty nearly
asked for it. Being as you
know an office seeker.
I want to finish two quimpes
for Sister before I go out to my
various errands this afternoon.
I am going to take one order
home today, earn on my
pledged \$20.00 for drunk
money. It takes a long
time to earn, clear, \$20.00
I am free to soon that
I much prefer to have Geo.
write me a check for the
amount, I need have to earn
it. & then I am so awfully
afraid folks will not like
my wares of fur they are
made.

Did I write you Geo. appears
to go away again on Wed.
to be gone the remainder of the
week. Chicago or elsewhere.
Geo. has been made Treasurer
of B. M. C. A. just started
but he is afraid that he is
not going to be able to keep up
with the work for lack of time.
I really don't see how he can.
though we both want him to.
It makes me real lonesome
to think of you all being at Opre
to hear Mrs. White. I just want
to be there myself, the most way.
I had a big intention to come
out to D. on Wed. this week, &
stay till Sat. but didn't see
how I could say well.

Our Teachers meeting at Mrs Heals
tonight - Mrs N. Heals near on
church. I think Geo. will get
here direct from Itaca, at about
ten o'clock. Tomorrow we expect to
go to see Charley Humphrey sail.
- Ship sails at ten a.m.

Our Antine Club Friday evening,
was very delightful last Friday
evening - Geo. having gone from
home - I went, & got home at
about half past eleven. Someone
as a grasshopper!

I do hope Clara & Joe can have
the great pleasure of hearing
Mrs White - To this day it makes
me sad to think Joe didn't
hear Dr. Auderson.

I had a letter from Dr. Clark, from
Sawtooth, Bulgaria, a day or two
since. You know he lost his wife after
a year or more married.
Dearest love, from your affectionate
Auntie
