

M. R. & M. Brighton
Apr. 8th _____

Dearest Elsie. I thought you
might be interested in enclosed
Caroline has been in bed with
Yersinia since Feb. but is better
this morn. I'm glad to say.

I am pretty well, but the family
generally here suffered from this
changeable weather, I suppose

It has been rainy & is miserable
weather today. Char has gone

to school but M. Wheeler is home
and just now is practicing on
Piano. I hope Gertie keeps up with

her music. Hastily, with love

to all. I sent your letter to Clara

Henry. I suppose you know the
States expect to be home by June!

Carrie's plans for this week are
all to be given up - a luncheon
here ^{Wed.} - one at Mrs. Hunt's for some
friends, ^{Thursday} & she was to visit, I think
The New England Women's Co.,
to which she & Mary are in-
vited & which in the near
future they expect to join
on Friday. Carrie does to be
gotten ready this week which
of course can't be done, a great
disappointment! Mary's girls
have to night for Wed, Mary
expects to come here tomorrow
(Wed) - Good bye again
Ever your ever loving
Mother
