Dear Selden,

Will write

briefly for fear you won't
read. Delighted with your
postal. Showed it all around.

Please send me one of the
boys at the camp table if
you can for Molly has not
seen it. Could you send me a

you + Mamma, Mary with
her parrot + me in the
hall + any others you have
handy. I'll bring them
back or pay for them if you
get home before I leave. Perhaps
I will stay over next Sunday
I don't yet know.

I don't like Mr. Crauch.
He ought to let you be

Senior. If you start out well perhaps
he will change his mind. When I
get back if you have been doing
well + you want me to look after
him about your credit + standing.
I am glad you are taking
Physics for you will surely like
it.
I am enjoying myself here. Saw

Pliny Clark + his wife tonight.

Most lovingly

Evelina.

"Thank you for sending me some pictures." Evelina

"Your welcome." Selden

"Then send them soon." Evelina
