My dear Susan,
Will you please
tell me your day of birth
year also, for I can't re-
member. I want to write
you congratulations for that
important occasion, I
remember, very well when
I first saw you and I think
we were all as happy as the

King of Spain are at the arrival
of the young Prince, since the
years have gone by - looking at your
late picture you seem like a man
grown, ready to take a place in
the world, not a water jet, I think,
who is your preference for most
Ancient times Rossetti the lines
to run for a third time,

Well, perhaps by the time this letter
reaches you you will be bringing
your dear mother home again, How
glad you will all be and how you
will all try to do just the thing to
help her get well and strong, find out
just what will help the most,
How thankful we all feel, do not we
that God has given back her life that
she may still be a blessing to her dear
ones - and to every one,

How are you getting on with
your school work & when will
your vacation begin and what
are you going to do this summer
Have you made gardens yet?
It has been so cold that it
seems hardly worth while to
put seeds in the ground, but
no doubt it will be warm
enough soon. Tell me about
yourself and the Oberlin news
generally. Be sure and write
to me very soon & I hope you
will have a very happy birthday
