Dear Selden :-

Will you tell Evelyn
please that Mary Wheeler's birthday
is March 9th? She asked me &
I may not get a letter off when
right away, because I start early
early tomorrow morning with Aunt
Mary to make a visit to Evangeline
at Chester. If any of you write
to me before March 12th you
can address Care Mr. George B.
Harvey, Chester, Pennsylvania.

I guess our letters must always cross, for you never write me that you get any from me.

I am invited to spend two or three days in Philadelphia at Cousin Emily Bell's. She goes there on Tues. next & she has a luncheon for us, and has invited Cousin Edward Procter & some others to meet Aunt Mary & me. Perhaps we may spend a day or two in Bridgeton, or some other place, but it will be safe & sure to address mail to

Chester. I let my Mission Study Class have a holiday next Friday, but expect to be back here to meet them on the 13th.

Yesterday Grandma & I went over to New York to a fine concert at Carnegie Hall.

This evening we have a Stereopticon Lecture on Africa. It is primarily intended for my Mission Study Class, but in the church it will be fine for every one. It is snowing now.

I am glad you got glasses
& if they don't help your eyes,
you'll have to go again.

Mrs. Allen is very kind & good
to look after every body, isn't
she? I think she is right
too (at least I have always
found her so) about boys & girls
not getting too much interested in
one another while they are in their
teens, or still quite young.

Some way you must get more
sleep. Take a nap or something.
You & Evelina must cheer one another
up. She gets blue too. This is a
poor letter, but I'll try to do better
next time.

My dearest Teddy:-

I have just come
over from Aunt Carrie's & Aunt
Mary's & while the latter is putting
on her things to go out into me
I will write you a line.

On Sunday I spent the day
with the Hudsons. Cousin Miss H.
& Eddie went to Am. Church
& I stayed with Cousin Carrie

who was quite poorly with a cold. After dinner Cuz. William Belden called, & then at 4 P.M. Cousin Will Hudson & I went to a vesper song service at the South Church which was fine. Tell Millie I liked it better than the service at St. Barthomeus. After supper Eddie & I went to Dr. McArthur's church. That was grand too - sermon & music.

The choir is the size of the Dublin 2^d Ch. Choir, & a quartette beside. One of the quartette is my cousin Judson Bushnell. The subject of Dr. McArthur's sermon (one of a course) was The great Teacher, & other great Teachers. This great one was Socrates. The address was fine. I thought of Millie who admires Socrates so much -

I stayed Sun. night at the
Florence, + Mon. Aunt C.
met Aunt M. + me + we
stopped + called on
Cuz. Walter Henry + Clover

I get stronger all the
time, Write when
you can to

Your loving Mamma

Tell me if shock goes
