

My dear Curley, - I hear

that you are wearing  
pinch-noses. Imagine!

Do ~~you~~ they help you  
a lot? I hope so. Are  
they becoming? I hope  
that too.

What are you doing now  
to occupy spare moments?  
Brent Wood or what?

I had a fine trip this  
week - down to Wilkes  
Barre and beyond, &  
went - now one day &

got back the afternoon  
of the next. I wrote  
Ardenia all about the  
wedding - a beautiful  
one. I had a fine time.

I wonder if you  
are skating much this  
winter. You used to be  
such a skating fiend,  
but lately you don't seem  
to have done so much  
of it. I wish I had ever  
learned to be a good  
skater, to skate at all, for  
that matter.

It is a long time since you have  
written to me.

I go to New York for my spring  
vacation in the first week of  
March and I have twelve days  
and then it won't be so long be-  
fore I am home again. I shall  
make the most of this summer  
I can see you. I suppose as  
soon as November and I come  
back that you will come back to  
our house, won't you?

I hope you are feeling well, don't  
get too tired, don't stay up late and  
so on. I hope you are going to grad-  
uate with high honors. Are you  
still having such a good time?

Please give Willie and Evelyn  
my love when you see them.

You better take a picture of you  
and self with your pink-noses and  
send to mamma and me.

Good bye Curley Boy.

March 13<sup>th</sup> 08.

Your loving sister,  
Eileen
