

Spenc. New Jersey -  
April 13. 1893.

My dear Cousin Willie -

Your kind letter de-  
served an earlier answer -  
but we have all been suf-  
fering from bad colds,  
some more & some less -  
most of us rather more -

It is still too early for us  
to make any sure plans  
for our summer. School  
does not close until the  
middle of June, & then  
there is Ma & Mrs. Segur  
to be thought of. Ma says  
she would love to see and  
be near her dear nephew Willie  
but Clifton is too far from  
home for her. You, who  
have not seen Ma in nearly

three years, can not very readily realize how old the has grown. How ever Lucy & I make <sup>"Castles in the air"</sup> plans & Clifton is one of them. I wish you could see the beautiful window that has been put in the Church in memory of Pa. Mrs. Allen started the movement, put it in Rev. Condit's hands, with the understanding that only old friends were to be asked to give. After they had raised about five hundred dollars. the Rev. got up in Church & told what was being done, & that if any one would like to give they could do so, &c. Well the Rev. had so much given, that he was obliged to arrange the subscriptions

+ so no one paid the full amount. They subscribed. The window represents the "Good Shepherd". It is just opposite our seat. All the grand children take pleasure in it. I do not know much about the New York friends excepting that they all either have, or have had, very severe colds. But almost bought a house, and I rather think the matter has only been postponed for a little while not given up. Is Carrie Hudson still in Clifton? She wrote me she would be in the city in May, & to come & see her, so I wrote her I would, & to set the day, she did not answer, so I wonder where

she is, & how she is, for I know she is not well.

Lucy & Ma would send love if they knew that I was writing. We were talking of you today, very lovingly.

With lots of love to Ellen  
yourself & the children  
I am very sincerely yours -  
Abbie F. May Jr -
