

Read first Evening
Vicinia Friday

Dear Bro in Christ I gave
a note to Mr Sigler to hand you
but he forgot it (as I enclose it with
another line saying how very, very
dissapointed we were last night
in not having you with us) Now
we are waiting, looking anxiously
to have the word on sabbath ^{4 evening} afternoon.
They think it best to come on
tomorrow afternoon, De Roe will
come unless called away - then
our man will come (the same
who has been twice before) I write so
you may be ready. Olivia Fleming

Had a good meeting tonight
If it should storm or anything
happen so as not to get off
saturday afternoon (ammm)
then will come on
sunday
