

need about 2
pounds of
lettuce
let it grow
that I may
after think
about it
I hope
to see you
at the
house
with my
one & a
good blessing
from
I hope
I hope
I hope

How are you and what
are you doing? How I wish
I could take a jeep into
your camp or at your back
just table I wonder what you
have for your early meal
& what time do you have it?

Who washes the dishes I wish
I was there to help wipe &
put away. Aunt Clara will

hardly ever let me help
her altho' you know at Oh.
it was my great pleasure.
and did not see her a lot
there some times. I wish I
could have some of your good
fried potatoes! I suppose
with all the excitement of
your visitation experience you
would hardly be contented
with yeast, staid old Abolition
tho' I doubt not you will
be glad enough to come back

some time. I hear that you
walk seven miles on Sunday
to Church. Do you hear good
preaching? I suppose a Dominion
that goes to such a field
must work! I hope they have
a real Ralph Corner ^{spout}. Tell me
what they do and what kind
of people you come in contact
with. It must be quite different
from what you were accustomed
to, but quite fascinating? I do
love to hear or read of the
missionary life it always has a charm

indecipherable but in reality
it might not be the same
What entrusted in Texas with
I think was being the cow boys
come into the city or on the
Plains riding their beautiful
horses. About Sabbath evening
I should think with as many
Oberlinites you might have
"meeting" near by. Can't you
gather some of the natives
and instead of lecturing give
out something to the people
who have not the privilege you
have at home here. Do something!

It seems to me there must
 be plenty of work for an
 honest man to do, and such
 a satisfaction, and uplift
 for one own self. Could not
 you get a few chairs for
 the Dance Hall, here music,
 your flute, if nothing more
 to call people together. Now I
 may be quite mistaken
 about your surroundings
 but these things have been sug-
 gested to my mind & wonder
 so don't blame but excuse my

ignorance & have been
thinking a great deal about
you and pray that you
may let your light shine
like a star. I know what
a kind tender heart you
have, and you want to be
useful and if you ask
the dear, loving Father
he will surely lead you
to work for Him.

I am so glad your
mother is more at rest

now, that all her rooms
are rented the two so sweet
pleasant ladies, It may
be more desirable than too
many noisy boys. Tomorrow
is Thanksgiving day, and I
feel that we all have so much
to be thankful for, Let us try to
be grateful for all the blessings
that have come to us in the
year that has gone, I suppose
Mrs Hiller will soon be leaving
you & you will miss her!
Give my kind regards to her &
the others, We here had such

a perfect autumn. but since it
is raining & has been for twenty
four hours. We have had just a
sprinkle of snow to let us know
that winter is coming. The
family, Uncle Jos. Uncle Sam
& your sister Mary expect to
spend X mas with Uncle Jos.
There has not yet been a stake to
but expect to go soon. I will
probably be there most of the
winter. I suppose the family
at Oberlin keep you posted on
news. Do you see daily paper
what do you read? Goodbye
